ENGINE & GEAR 83 	SPEED 53 	TOTAL SCORE  81	<b>Overview Advice</b> Very good! Please look into the detailed advice to see if there is still a potential for savings. <b>Most Improvable Point</b> Top Gear
ANTICIPATION 92 	STANDSTILL 85 		
Distance	501 km		
Fuel	2.31 km/L		
<b>Fuel Consumption</b>			
Idling	1.1 L		
PTO	0.0 L		
ENGINE & GEAR	83	Very good engine and gear utilization. Check the detailed advice anyway to see if you could still improve.	
ESCOT ECO	100 	Magnificent! Automatic mode will secure correct gear shifts in any driving situation.	
ESCOT M	80 	Very good! You are using Manual mode only when recommended and when you find it useful.	
ESCOT ECO OFF	100 	Perfect! Power mode is normally not needed. You save fuel and emissions.	
Top Gear	0 	You have very low usage of the top gear. Try getting into top gear more often. It will save fuel.	
Rev. Within Green Zone	100 	You are operating within the economy area as recommended. Keep up the good work!	
Rev. Above Green Zone	70 	Good! You don't waste fuel on high revs. Still, there is an improvement potential if you shift up more often.	
Over Revolution	100 	Good! You haven't operated the engine at high revs. Continue never operating in the red band.	
Engine Load	72 	Your usage of the max torque of the engine is good. Check the tips on gear shifts for improvements.	
SPEED	53	Your speed adaption is not the best. Check out the detailed advice to find improvement areas.	
Exceed ECO Limit	70 	Good! You are mostly driving below or at the recommended maximum speed. But sometimes you can reduce the speed.	
Cruise Control	0 	You are not using the cruise control. It should be used on most motorways and other flat roads.	
ANTICIPATION	92	Very good! You anticipate the traffic, avoid unnecessary braking and save fuel by coasting. Keep up the good work.	
Coasting	88 	Very good! You are coasting a lot. It saves fuel and reduces the wear and tear on the vehicle.	
Braking	95 	You are using the service brakes in a very good way by anticipating traffic and avoiding unnecessary braking.	
STANDSTILL	85	Very good! Probably no unnecessary idling. Continue being aware of idling time.	
Idling	85 	Very good! Probably no unnecessary idling. Continue being aware of idling time.
